PROJECTS

- **Portfolio**

Built a responsive portfolio using React.js to showcase my technical skills and featured projects . Designed with a clean layout and smooth navigation to ensure a great user experience across all devices.

- **E-Commerce Web App**

Built a responsive React interface for an E-commerce platform with user authentication, product management. Utilized Node.js and MongoDB to develop a secure backend and handle data storage efficiently

- **Project Management Tool**

Built a full-featured project collaboration tool using React, Node.js, and MongoDB, enabling task assignments, deadline tracking, and detailed activity logs for efficient team management.
